Request to Approve Late Drop for DMG [Inbox] ☆

Piyush Sharma Sep 27
to Vikram ˅

Respected Vikram Sir,
I hope you are doing well, I am writing this to ask for your approval to late Drop the DMG course, although I was very interested in the same unfortunately due to the immense course load this semester I am unable to devote time and learn during the course. I understand that this is not a good thing but I believe it is of no use when I am not able to put effort and gain any knowledge on my end. It is creating immense mental pressure for me to handle everything. Apologies for asking for the same.
Kindly please approve my request to drop this course. I wish to take this course again when the semester is lighter.

--

Sincerely,
Piyush Sharma
